## NEW YORK HAS A BIG FIRE

### Flames Attack Dock District—Burning Boats Float in River—Water Front Lit Up By Great Blaze—Half a Million Loss.

New York, Aug. 7.—Inside of three-quarters of an hour late tonight fire swept away the Delaware, Lackawanna and Western Railroad Co.'s terminal in Hoboken, N. J., seized two ferry boats and practically ruined them, and for half an hour threatened destruction of the entire water front in the vicinity, including the Hamburg-American and German Lloyd steamship docks, at which several big ships were lying. The property damage is estimated at between \$400,000 and \$500,000. So far as known no lives were lost.

For more than an hour huge tongues of flame leaped from the wooden structure of the Lackawanna docks, lighting New Jersey and New York water fronts. For a time it threatened to make the loss larger than that of the big dock fire of several years ago, when the North German Lloyd piers

were destroyed with great loss of life. Blazing ferry boats cut from their docks and floated in the river, wandering fire ships which for a time endangered all shipping. The fire started in an old wooden ferry boat, and spread to the main building of the Lackawanna, and then to the dock houses. These were frame structures, and ready prey for the flames.

By this time the flames were spreading in all directions and were utterly beyond control of the few first fire fighters who had responded to the alarm. The hotel structure of the public service corporation went down before the flames.

At 1 o'clock this morning the fire is under control. The big steamship piers have been saved and the average estimate placed on the damage is between \$400,000 and \$500,000. The flames started from an unknown cause.

## SAW MILL EXPLOSION

### Kills Three Men in Tennessee by Bursting Boilers

Knoxville, Tenn., Aug. 7.—A telephone message from Del Rio, in Cook county, tonight told of a disastrous boiler explosion near that place this afternoon in which three men were killed, one fatally hurt and eight others injured.

The scene of the fatality was a saw mill owned by T. J. Salts & Co. Fifteen men were in the boiler room when the explosion occurred, the majority being lumbermen who had been driven in by a fierce rain storm.

The dead are: HERMAN TISTLER, FRANK PLATT, JOE TURNER. Merritt Burgess was so badly injured that he can not live. Turner's mangled body was blown fully 150 yards.

### FRANCHISES ASKED.

Applications Filed at Douglas for Street Railway and Gas.

(Special to Review.)

Douglas, Aug. 7.—Two franchises were asked from the city council tonight, one for the street railway and the other for gas rights. The latter is filed by J. M. Sparks, S. F. Douglas and A. C. Callisher. In the application it is stated that the maximum charge shall be \$2 per thousand feet, and that the city shall have the privilege of buying the plant at the end of 16 years at cost price. Life asked for the franchise is 25 years.

Engagement Announced—Announcement was made yesterday of the engagement of Morris Denn, the well known mining man, and Miss Sugich, cousin of Mrs. V. G. Medigovich. Miss Sugich is known as one of the handsomest and most popular young ladies in the social circles in which she moves. She has a brother at Douglas, engaged in business there, who is the only member of her immediate family in this country. Many friends will join in advance congratulations to both Mr. Denn and his fiancée.

## WANT IT ARBITRATED

### Shippers on Northern Routes Anxious to Settle Strike

St. Paul, Minn., Aug. 7.—Persistent rumors were current today that a move had been inaugurated by the Northwestern Farmers Exchange and merchants associations along the lines of the Great Northern and Northern Pacific to secure arbitration of the telegraphers' strike. So far as could be definitely ascertained no official action in this direction has yet been taken.

So far as could be noted locally conditions on both roads showed material improvement today. President Perham of the telegraphers said he still believes that Mr. Hill will take steps to end the strike as soon as he reached St. Paul.

### Situation Serious.

Missoula, Mont., Aug. 7.—Strike conditions on the Rocky Mountain division are regarded as serious. Wires have been broken during the last few days, and Missoula has been practically isolated. Rush business has been accepted by the Western Union, but flags have been working on the railroad.

## STEAMER GOES DOWN

### Nearly Two Hundred Passengers Safely Taken Off

Indianapolis, Ind., Aug. 7.—The excursion steamer Sunshine sank this afternoon at Broad Ripple Park, ten miles from this city, with 180 passengers on board. All of these were rescued by a launch.

Overweighting the boat caused it to turn on its side, and the superstructure broke from the hull. Persons in launches and canoes took a number of people from the water. A greater number clung to the upper deck, which was not submerged, until taken ashore by boats.

## AMERICAN CHAMPION LOSES

New York, Aug. 7.—Beals C. Wright, the American tennis player, who finally went down to defeat before the English cracks after winning several most sensational matches.

## MURDOCK HAS MORE TROUBLE.

### Attacks Liverman Fletcher and is Knocked Down.

J. S. Murdock, the man who a couple of weeks ago was struck with a hammer by N. V. Brakley and afterwards mixed things up with display of a gun, was beaten in the stable of Fletcher & Woods Sunday afternoon.

Murdock had a horse from the stable during the afternoon, and when he returned the animal got into a dispute with Mr. Fletcher.

In much heat Murdock applied several vile epithets to Fletcher and then struck at him. Fletcher did not hesitate about getting into the game. The men fought in the driveway for about five minutes, when Fletcher knocked Murdock down. When he got up he was taken away. No arrests were made.

## THINKS SHOPS WILL STAY.

W. T. Peoples was a visitor in the city Sunday from Alamogordo, N. M. Mr. Peoples is engaged in the general merchandise business. He may later return here to locate and engage in business. Mr. Peoples states that Alamogordo is at the present time rather quiet. The expectation that the E. P. & S. W. shops would be moved from there on completion of the shops at El Paso, Mr. Peoples states, has recently been succeeded by belief that the shops will remain.

## LITIGATION HAS BEGUN

### Movements in Mexico in Tigre Contest Not Clear

(Special to Review.)

Douglas, Aug. 7.—It was learned here this afternoon that both the representatives of the El Tigre Co. party and those of the Graham party arrived this morning at Nacozari, from Moctezuma. The judge of the first instance for the Moctezuma district was also along, accompanied by five guards.

All of those who came from Moctezuma purchased tickets and boarded the train for this city at Nacozari this morning. A sudden change in plans occurred the cause for which can only be guessed at, and as the train was about to take departure the representatives of both the Kansas City and the Graham interests left the train. All of these people remain at Nacozari. The Mexican judge and his guard continued to Yabael on the train. At that point they left and took their horses from a car that had been brought along. They immediately left Yabael, riding in the direction of El Tigre.

A message was sent from here this evening to Nacozari asking what the situation was. Reply came back that

## LIVES LOST IN CANANEA

### Three Men are Dead, The Victims of a Mine Accident

## BISBEE MAN A VICTIM

### Of a Missed Blast—Superintendent Murray Comes to Tragic End at the Lindsay

(Special to Review.)

Cananea, Aug. 7.—John D. Rumberg, an American, and Antonio Duarte, a Mexican, miners who were employed at Eliza, are dead as the result of a frightful explosion resulting from accidentally drilling into an old unexploded dynamite blast. The bodies of the two men were mangled almost beyond recognition, although death did not ensue until two or three hours after the accident.

The victims were brought to the hospital, but despite the most heroic treatment never regained consciousness. Rumberg was an unmarried man, about 27 years of age, and came here a short time ago from Bisbee, where his mother resides, and from whom a telegram of inquiry was received today. Duarte was 25 years old, and has lived here for the last few years.

Both men were buried today at 4:30 o'clock. Their remains were escorted to the cemetery by a concourse of over one hundred friends.

Cananea, Aug. 7.—P. E. Murray, superintendent of the American Mining Company, which was formerly known as the Lindsay Cananea Central Mining Company, was instantly killed at 8:30 o'clock this morning by falling a distance of 100 feet to the bottom of a shaft down which he was being lowered. His brains were dashed out and practically every bone in his body broken.

Dr. W. J. Galbraith, acting in capacity of American consul, repaired to the scene of the tragedy at once and made a thorough investigation of the details. He reports that there is not the slightest doubt as to the manner in which the unfortunate man met his death. The deceased was being lowered in a bucket attached to a rope. At a distance of less than six feet above the bucket there was a guide block reaching from one side of the shaft to the other. The rope ran through a hole in the middle of this cross beam, and was thus held in position and prevented the bucket from striking the wall of the shaft. The cross beam, however, worked roughly and became wedged in the shaft and remained so until the bucket had descended some distance. It was then jerked loose and fell, striking Murray on the head and causing him to lose his hold.

The deceased was one of the most popular and best known mining operators in the West, and had had much experience in practical operations. Since he was appointed superintendent of the Lindsay property, which is located about two miles from here, some six months ago he had made wonderful progress in developing work, and had he lived would no doubt have accomplished great results. He was just in the prime of life and a splendid specimen of physical manhood.

Mr. Murray leaves a young wife, to whom he was married only a few months ago, and who is prostrated over his sudden death. The body of the deceased has been embalmed and will be shipped to Nogales next Tuesday for interment.

Alexander Melville Bell Dead. Washington, Aug. 7.—Alexander Melville Bell, father of Prof. Alexander Graham Bell, died here today.

there was nothing that could be told at this time. The legal representatives of the contending interests involved in the Tigre litigation, and who are now here, had been in Moctezuma since last Tuesday. Attorney Richardson, for Mr. Graham, hurried there from Hermosillo upon the El Tigre people going to Moctezuma. It was the supposed desire of the Graham representatives to be on the ground when the Tigre people commenced their action before the judge.

It is supposed that the judge of the first instance who went from Yabael today with his guard has gone to the mine for the purpose of taking evidence on the ground, this being a custom in Mexico, and that he probably ordered the legal representatives of the interests involved to remain at Nacozari until his return in order that his investigation might not be attended by any drawback that presence of either of the litigants might create.

## IRON WORKERS STRIKE

### About 20,000 American Bridge Men Called Out

Cleveland, O., Aug. 7.—The Plain Dealer, tomorrow will say: "Orders were issued Monday afternoon from headquarters of the international Association of Bridge and Structural Iron Workers by Secretary John MacNanum for a general strike against the American Bridge Company, from Maine to California."

It is estimated that between 15,000 and 20,000 bridge and structural iron workers will quit work. The strike of the iron workers when it comes will affect thousands in the building and structural lines.

## LEADER OF NEW MOVEMENT

New York City, Aug. 7.—Frederick L. McGhee, of St. Paul, a colored lawyer who is leading what is known among the colored people as "the Niagara movement," and for the development of the intellectual as well as the industrial and physical side of the race. He denies that the purpose of the organization is to antagonize the teachings of Booker T. Washington.

## PASSENGER TRAIN WRECKED

Cleveland, Ohio, Aug. 7.—A passenger train crashed into a street car at the St. Clair street crossing last night resulting in the death instantly although six of the street car passengers who were injured will die. At least a score of other passengers on the street car received wounds of a serious nature.

V. V. Lillis, the gileman employed by the Pennsylvania company at the crossing where the train struck the street car, admits that the gates were not lowered. Lillis has been held to await the action of the grand jury on a charge of manslaughter.

James Martin, whose wife was killed in the accident, and whose two children were badly injured, is reported insane as a result of the accident.

(Communicated.)

Bisbee, Aug. 7, 1905.

Editor Review: "Dear Sir—I have been instructed by Bisbee Aerie No. 175 Fraternal Order of Eagles to positively deny the current report that the Eagles are raising a fund by subscription to help prosecute Mrs. Henry Savage, and to state that this Aerie does not intend to take any such action, as our fundamental principles are to assist, not to prosecute."

Any such movement undertaken by private individuals has no connection whatever with the Eagles, as our Aerie positively prohibits the passing around of subscription lists.

Fraternally,

(Seal.) H. S. HILLMAN, W. Sec.

## HEBREWS IN RIOTS

### New York Police Have a Sirensous Day

New York, Aug. 7.—Rioting among striking Hebrews on the lower East Side throughout the day kept the police busy and compelled them to use their clubs freely.

Most of the collisions between the police and strikers grew out of efforts on the part of the latter to induce non-union men to join them.

The meeting held this afternoon at strike headquarters was the occasion of wild excitement and disorder, many of the speakers being assailed and hurled into the streets.

New York, Aug. 7.—A bread famine is threatened in the Hebrew quarter as a result of a strike of the "koshers," an organization composed of journey-men bakers.

The police are making preparation for the prompt quelling of disturbances and riots which are hourly anticipated. All last night the district was patrolled to preserve order.

Thousands of Hebrew families in the affected district are out of bread already, and the journey-men propose to bring about a real bread famine in their efforts to enforce their demands.

## FEVER FIGHT PROCEEDS

### Public Responds Liberally to Call for the \$250,000 Fund

## STATE ASKED TO AID

### Appropriation Expected to Be Made by Gov. Blanchard Renewed Confidence Felt

New Orleans, Aug. 7.—The official report of yellow fever cases to 2 p. m. today is as follows: New cases, 22; total to date, 656; deaths, 8; total to date, 113. New sub-foci, 4; total to date, 97.

With the Marine hospital service, under authority of President Roosevelt, in complete control, the scientific fight to eradicate yellow fever from New Orleans before frost took on fresh life today, and with abundant funds, the best available talent and an army of willing workers at his back, Dr. J. H. White, surgeon in charge, hopes for successful termination of the struggle.

There was prompt response today to the appeal of Chairman Janvier of the citizens' committee for additional subscriptions to the citizens' fund to the end of raising the \$250,000 desired by the government in the office of the committee. In addition to this appeal Mr. Janvier took steps for state aid.

As the whole state is interested in the present campaign it is assumed that in 24 to 48 hours Governor Blanchard will have all the backing he desires, and a Louisiana contribution of at least \$50,000 will be made.

A death reported on a plantation in Jefferson parish opposite New Orleans is the fifth that has occurred there, showing heavy mortality from fever where adequate treatment is not given.

New Orleans, La., Aug. 7.—Ninth New cases of yellow fever in New Orleans four, total cases 537, deaths three, total deaths 108.

Dr. J. H. White, of the federal forces, took charge of the fever situation in New Orleans shortly before noon today, on final instructions from Washington. No new cases have been reported outside of Louisiana for several days.

New Orleans, La., Aug. 7.—There is \$70,000 on hand, resulting from an assessment on the citizens of New Orleans, and no difficulty standing in the way of immediate federal control of the fever situation. It is possible that the fever will be completely under control by the 15th of September. It is expected that all the resources of the federal government will be used in obtaining modifications of the extreme quarantine regulations, so that New Orleans will be able to resume commercial relations with the surrounding states.

Eight hundred men started today on a general cleaning movement. This force will be largely increased.

Advices from the bedside of Archbishop Chapelle today report the venerable clergyman better.

Savage Hearing—The hearing of Mrs. Henry Savage, charged with murder, will commence this morning at 10 o'clock in the court of Justice McDonald. Following her preliminary hearing, Amos Savage, her son, will probably be arraigned. He is now in jail charged with being an accessory to the crime.

Fell From Building—Henry Shauer lost most of his scalp Sunday in a fall from the roof of Rinehart's drug store, where work of remodeling is in progress. Shauer struck the ground on his head when he tumbled the twenty feet or more from the roof. For a time it was thought he was seriously hurt, but later it developed that the wound sustained only affected the scalp.

Trial Wednesday—Fred Crawford, the negro who is said by a witness to have attempted to cut his wife's throat on Saturday, and who is said by her not to be guilty of making the terrible gash she has on her face, was before Justice Murphy yesterday and pleaded not guilty. He will have hearing tomorrow morning at 10 o'clock.

New Society Meeting—The new Slavonian Society Nemanja, recently organized here, had a largely attended meeting Sunday night at Pythian Castle. It is proposed to keep up their organization as an independent order for the time being. The main features of the organization now are social and benevolent. They have the largest membership of any like order in the Territory.
